obscene or harassing phone calls:

DON'T TALK to nuisance callers; they are looking for an audience. HANG UP if the caller does not say anything, does not identify himself satisfactorily, or uses improper language. CALL POLICE if a threat is made. CALL INDIANA BELL if such calls persist; specially-trained telephone people will work with you and police to apprehend the caller.

emergency calls on party lines:

State law requires you to hang up the receiver of a party line telephone immediately when told the line is needed for an emergency —a situation in which property or human life is in jeopardy and the prompt summoning of aid is essential. It is also unlawful to take over a party line by stating falsely that the line is needed for an emergency.*

** INDIANA STATE LAW:* It shall be unlawful for any person using a telephone on a party-line to refuse to yield such party-line, when requested to do so, to any person who wishes to place an emergency call from a telephone on such party-line. Any person who violates the provisions of this section shall be guilty of a misdemeanor and upon conviction shall be fined in any sum not exceeding twenty-five dollars to which may be added imprisonment in the county jail for any period not exceeding ten days . . . It shall be unlawful for any person to obtain the use of a telephone on a party-line by falsely alleging the existence of an emergency. Any person who violates the provisions of this section shall be guilty of a misdemeanor and upon conviction shall be fined in any sum not exceeding twenty-five dollars to which may be added imprisonment in the county jail for any period not exceeding ten days.

area codes speed your long distance calls

The U.S. and Canada are divided into more than 120 telephone areas. Each area has a 3 figure area code. Your area code is 219 [see map]. The area code of the telephone you are calling should be dialed, or given to the operator if it is outside your area code. It should not be used when calling places within your area code. [When placing call with operator, say, for example, "I want Area Code 312 555-2364."]—When you give someone your telephone number, include your area code if he needs it to return your call.—A list of selected area codes is on pages 7, 8, 9.

long distance calls

direct distance dialing	You can dial station-to-station long distance calls to most telephone numbers which have seven numerals or two letters and five numerals.

your area code is 219

to call within the 219 area ______________ dial "1" then the telephone number [do not dial the area code]

for example:

			telephone number
to call 872-xxxx in Michigan City	dial "1"	+	872-xxxx

---

to call outside the 219 area ______________ dial "1" then the distant area code and telephone number

for example:

			area code	telephone number
to call 348-2672 in Hartford City, Ind.	dial "1"	+	317	348-2672

---

to obtain the distant area code:

Area codes for some cities are on pages 7, 8, 9. If the place you want is not listed, dial "OPERATOR."

to reach long distance information

- Dial "1" plus the area code for the place you want plus 555-1212. For numbers in area 219, dial "1" plus 555-1212.
- Tell the operator the city or town, then the name you are calling.
- There is no charge for information calls.

if you reach a wrong number

- Dial "OPERATOR" immediately and tell her what happened. She will make sure you aren't charged for the call.

you will not be charged

- If you hang up before you dial the complete number.
- If the telephone number you dial is busy or does not answer.

if you need assistance

Dial "OPERATOR." She will be glad to help you.

to reach WATS information

- Wide Area Telephone Service—Dial "1" plus area code "800" plus 555-1212 to obtain numbers of those customers who offer incoming long distance calls without charge to persons calling from specific locations.

types of calls:

station-to-station

Call station-to-station if you wish to talk with anyone who answers. Rates are lower than person-to-person. Charging begins when the called telephone answers.

person-to-person

Call person-to-person when you wish to talk to a particular person or extension phone. Tell the "OPERATOR" you wish to make a "person-to-person" call. Rates are higher than station-to-station. Charging starts when conversation begins.

coin calls

From coin phones, see the instruction card on or near the phone, or dial "OPERATOR."

conference

You can talk with several people in different places at the same time. Tell the "OPERATOR" you wish to make a "conference" call.

collect

You can call "collect" if the person or firm you are calling agrees to pay the charge. If you want to make a "collect" call, please be sure to tell the "OPERATOR" when you place the call.

mobile and marine service

You can make local and long distance calls to automobiles, trucks and boats equipped for mobile telephone service. Ask the "OPERATOR" for the Mobile Service Operator, or the Marine Operator.

wide area telephone service (inward WATS)

Station-to-station long distance calls may be made, without charge to you, to those customers who have wide area telephone service. They offer this service to their customers calling from specific locations. Dial "1" plus Area Code "800" plus the special numbers of customers having this service.

general information

your telephone number is important

When your telephone number is preceded by your area code, it is the only one like it in the United States or Canada. When leaving your telephone number for someone else to call you be sure to include the Area Code, if the caller will be calling from a different telephone area than your own [see pages 7, 8, 9].

Numbers are most easily understood if they are given to others as "area code 3-1-7 [pause] 5-4-5 [pause] 5-2-8-9." When writing your telephone number, separate it like this: area code 317 545-5289.

If you're a businessman it's smart to make it easy for your customers to reach you. Show your telephone number on your stationery, statements and all advertising pieces. Show your area code too—it helps distant parties call you faster.

A pamphlet explaining where and how to display area codes is yours for the asking—just call your local business office.

personal directory

An attractively bound "personal directory" provides a handy place for keeping your personal list of frequently called local and out-of-town numbers. To get one free, just call your local business office.

out-of-town directories

Directories of other cities may be obtained at a nominal charge. Call your local Business Office.

Telephone directories of the principal cities and towns in the United States may be consulted at our Business Office.

telegrams by telephone

You may telephone telegrams, cablegrams or radiograms from your home or business phone to the Western Union Telegraph Company. See instructions shown under the listing of the company in this directory. The telegraph charges will appear on your telephone bill. You may also telephone your telegrams from coin phones by dialing "Operator" and asking for "Western Union." Pay as you do for a telephone call.

automatic answering set

Certain telephones are equipped with an automatic device, known as an automatic answering set, which answers the telephone mechanically. It then makes a recorded announcement. If your call is answered by an automatic answering set, listen carefully for the announcement which will be self-explanatory. Some sets will also record a message from the caller.

attachments to telephones

The telephone company furnishes all equipment necessary to provide telephone service. In the interests of safety and good service, no equipment, apparatus or device not furnished by the telephone company may be attached to, or used, or connected with, its facilities, except as provided in the company's tariffs.

tariffs

"Tariffs which are on file with the Public Service Commission of Indiana showing rates, rules and regulations are available in our business office for public inspection."

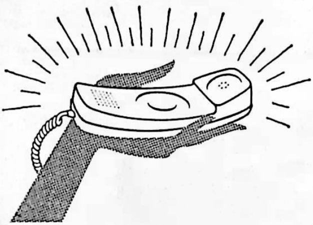
when you hear a "beep" tone

A short "beep" tone heard on your telephone line about every 15 seconds means that the person with whom you are talking is recording your conversation. This signal is provided by the telephone company for your protection. Use of a recorder without recorder-connector equipment containing a tone-warning device is contrary to the company's tariffs and is not permitted. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When it is disconnected, you will no longer hear the "beep" tone.

employee identification cards

For your protection, any employee who visits the customer's premises carries an official identification card showing his or her name, photograph and signature. If you have the slightest doubt about anyone who says he's from the telephone company, please ask to see his card.

directory listings



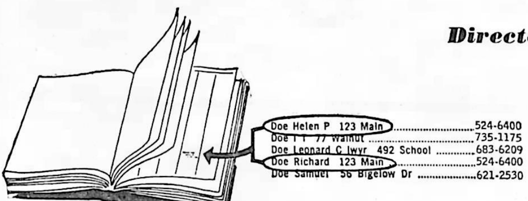
Every effort is made to make the directory as accurate as possible. The company is not liable for damages arising from errors or omissions in free listings. Its liability in the case of paid listings shall not exceed the charge for such listings during the life of this directory.

If you cannot find the number of the party you seek in either section of this directory, please call Information.

● — for information about any telephone service not shown on this page, call your local business office, and ask for your service representative; she will be glad to help you.

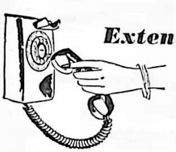
general information

There are hundreds of items of equipment available to make your telephone service more valuable and convenient than ever. Whether for your home or office, you will find telephone equipment designed to save you time and money, tailor-made to fit your special needs at a surprisingly low cost.



new Trimline® phone

the phone of the future in the palm of your hand!



In either desk or wall model, you'll enjoy the trimline phone's lighted handset dial, handy recall button, and sculptured beauty. Available in a variety of beautiful colors.

Directory Listings

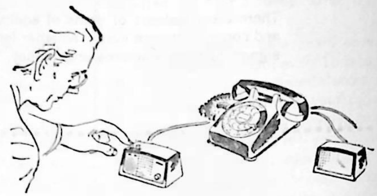
Make it easy for people to reach other members of your household, relatives who live with you, teen-age children—or key people or department heads in your business.

Extension Telephones

Enjoy the convenience of step-saving extension telephones throughout your home in the . . .

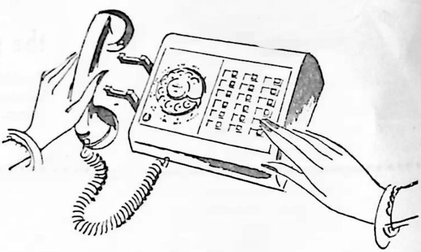
- Kitchen
- Bedrooms
- Living Room
- Recreation Room

Telephones now come in many beautiful decorator colors to blend with or accent the color scheme of your home furnishings.



Modern Intercommunication and Switching Equipment

Whether you need a simple push-button telephone, an intercommunicating system, a switchboard, or a complete dial system, you can be sure there is economical telephone equipment available to handle your communications requirements. A communications expert will be glad to call on you. No obligation, of course.



general information

Speakerphones

A special microphone and small loudspeaker associated with this telephone enables you to carry on a conversation without lifting the receiver. The sensitive microphone picks up your voice from several feet away and frees both hands while talking. It can also be used as a regular telephone.

The Call Director

This streamlined, modern, functional piece of telephone equipment is designed for today's business requirements. Available in a choice of three colors and equipped with versatile push buttons which give access to a number of lines, hold calls while answering others and permit signaling and conferencing arrangements.

Shoppers' Wonderland!

THE YELLOW PAGES

YELLOW PAGES . . . the shopper's wonderland . . . the buyer's guide . . . the business man's go getter. Buyers—prompted by a continuing and novel promotion of the Yellow Pages—turn to them more and more for the products and services they want and need. Best of all they use the Yellow Pages when they're ready-to-buy. A convenient and time-saving service for the consumer, and for the businessman . . . YELLOW PAGES means BUSINESS!

Telephone Planning *for* PRESENT AND FUTURE NEEDS

If you're building or remodeling, plan for the telephone service you will want, both now and in the future. Provide for your needs while the walls are open. The telephone company will gladly help you plan ahead—whether for home or office.
